Response

Measure, Appointment or
Topic: HB3197

3/31/2025

Good day,

I am in support of HB3197 and financial support funding for Youth Addiction Treatment and Recovery, and Recovery High Schools

Being a person in long-term recovery and working in Substance Use Disorder field for many years, Oregon is in the bottom class of all 50 states for access to treatment for 12 and older. We need your help in making this change, and I totally support HB3197.
