

Submitter: Bea Ogden

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Protect mail in voting. We have pretty good voter turnout in Oregon because we have mail in voting. It is safe and accessible. We need to protect mail in voting because voting rights are being demolished at every turn and democracy is in jeopardy. I have used mail in voting for over 20 years and it is a great system. If you want to help protect voters, democracy, and liberty you will protect mail in voting.
