Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a child, I remember going in to the polls with my parents when they voted. I have had the opportunity to vote by mail all of my adult life. I really appreciate being able to sit down when I feel I have the time, sometimes over multiple nights, to really research measures and candidates and make sure of how I think and feel based on facts, as opposed to commercials and propaganda which is likely less than the unbiased, whole truth. It is so long ago now that I can't recall the process for distributing materials ahead so research could be done prior. I hope hope that if this DOES pass, that we will still get the pamphlets and complete info, including information for candidates on the ballot who do not have write-ups.
