Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Anyone pushing anti-democratic legislation does not belong in a democratic public office.

Were I to invite a carpenter into my house to build a shelf, I would be shocked to find them taking a sledge hammer to my toilet.

Yet here you are trying to use the tools of an open democratic society to destroy it

I would say "shame on you", but it is likely you have no shame.

I will be donating to any of your future opponents who denounce this bill.
