

Submitter:

Brittani Velasquez

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in other states where in-person voting is standard, making voting too difficult. Voting by mail allows me to read and make informed decisions. The text of ballot measures can be confusing, and having the time to read through the pamphlet and research when necessary is genuinely helpful. Please do not take away this option for Oregonians. Our democracy is already under threat, and this will continue to create barriers for underrepresented communities.
