Measure, Appointment or Topic: SB210

In support of mail in voting in Oregon

Vote no on SB210

Oregon has an excellent mail in voting program which is the envy of many. It is safe - for both voting itself and for the individuals who vote.

It has demonstrated time and time again, to be convenient for a variety of reasons:

*Voters who work long hours,

*Voters with illnesses,

*Voters with transportation issues

*Voters new to the city and polling places

For the reasons above and a number of other reasons, mail in voting promotes participation.

Mail in voting is less expensive for the state and it's tax payers.

Common sense dictates a no vote on SB210, and Oregonians deserve your using yours to vote NO!
