To whom it may concern,

I believe that our default system of mail-in ballots increases voter turnout, particularly in populations with difficult work schedules, limited mobility, and heavy personal obligations. In short, it increases accessibility to one of the most important actions you can take as an American citizen. Additionally, it allows each voter to compare their choices at length and make more informed decisions for their local representatives. Please do not take away what I consider to be an excellent privilege to many Oregonians.

Thank you for your consideration,

Alexa Viviano
