Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

Who in the cotton headed ninny muggins came up with this fascist idea?!  
Oregon's voting process WORKS. We have paper documentation for each and every  
vote and that's something that can NOT be hacked.  
We have one of the highest voting rates in the country, which is something to be  
proud of.  
This is billionaire BS designed to alienate voters and push deeply unpopular ideas on  
our citizens.  
VOTE NO. SUPPORT DEMOCRACY. EVERYONE VOTES.
