

Submitter:

Leonardo Ramos

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I believe anyone should be able to mail in their votes. This allows people who can't make it to their local office still be a part of the community through votes. By taking that away you are cutting a massive line of communication from your citizens. You should be strengthening that communication not cutting it or taking it away.
