

Submitter: Josh Farley
On Behalf Of: Oregonians
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

I've seen how inaccurate mail in voting is. Countless times I've seen "clerical" errors, or "the signature doesn't match", types of errors from this failed system. In person gives a level of accountability for voting. Mail in voting allows for fraudulent activity, most likely the democrats key to success since they've taken over in Oregon.
