

Submitter:

Rebekah Filippini

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This an incredibly classist and ableist proposal. Boomer and gen x politicians are out here looking like the generation that thinks everyone gets a trophy. If people don't vote for you do better, don't penalize vulnerable communities because your ego got hit. Mail in voting needs to stay to protect democracy.
