

Submitter: Kathleen Gamble

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I am opposed of SB 210. By removing the mail-in-voting option, we are limiting access to some of our most vulnerable populations such as seniors, disabled, people with transportation issues, rural area voters, etc.

Mail-in-voting gives everyone a fair and easy way of getting their ballots in without pressure. It takes me time to complete my ballot. I don't have the ability to stand in long lines without being able to sit. Being in busy places increases my anxiety, increasing the chance I may make a mistake when filling in my ballot. I know I am not the only one. My Mom is 80 years old. She has not missed an election. She has mobility issues. This will make it harder for her to cast her ballot. It has been a blessing for her to be able to cast her ballot through her mail-in-vote.

By removing this option, you are hurting the poor and the working man. Please, vote no on SB 210.

Sincerely,

Kathleen Gamble
