

Submitter: Michael Klein

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I fully support the existing Oregon vote by mail system. Having the time and ability to read and study the candidates and measures by using the voters pamphlet instead of enduring the constant barrage of negative campaigning by the candidate or pac with the most money. The present system also increases voter turnout and the instances of voter fraud are miniscule by most investigations.
