On Behalf Of:

Committee: House Committee On Education

Measure, Appointment or Topic: HB2583

Virtual charter students deserve fair access to the same resources as every other public school student. The Student Success Act was meant to support students who need it most, yet virtual public charter students are excluded. HB 2583 is about fairness — ensuring all public school students have equal access to SIA funds, no matter where they learn. This is important to my family and my child whose been in a virtual online charter school since kindergarten and is now in the 6th grade.
