

Submitter: Kent Clay

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a resident and registered voter in Eugene, Lane County Oregon. I do not support SB210. Oregon's vote by mail system is the best voting system I have ever experienced. I don't have to wait in lines, deal with chaotic voting stations. I can calmly vote at my own pace, fill out my ballot at home and if need be research various items and clarify confusing terms before submitting the vote. Furthermore, if ID is required to vote, I fear many legitimate votes will be disqualified for pointless reasons. If you want to vet voters better, do it when registering, not on voting day as I fear requiring unnecessary paperwork to vote can and will be used as a form of voter intimidation. Sincerely, Clay Kent, Eugene OR
