

Submitter: Jessica OConnell

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail has resulted in Oregon having some of the highest voter turnout in the nation with little to no issues. Voter fraud is not an issue in Oregon or Nationwide to a level where making process changes will yield an outweighed positive result. A return to in person voting will force those in low income jobs to take a day off of work to vote and will both be costly and reduce voter turnout. All voices deserve to be heard. Keep Oregon vote by mail!
