

Submitter: Tracy McAlister

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I've voted in EVERY election since 1982.

I moved to Oregon in 2002, and have found voting by mail to be the most informed and convenient of anywhere I've voted.

When you have to reschedule your day to attend a voting station, the inconvenience makes it just as likely for people to say "nevermind, my vote isn't important anyway ". In addition, voting BY MAIL allows being able to research the candidates and issues more thoroughly.

Sincerely

Tracy McAlister
