Measure, Appointment or Topic: HB2583

As a parent of a virtual charter student, I believe every child deserves equal access to education funding, regardless of their school type. HB 2583 ensures students like mine get the resources they need to succeed—just like their peers in traditional public schools. Let's make education fair for all Oregon students. Students should have the opportunity to have an education that fits their needs no matter where they go and the funding should be disbursed equally.

Thank you,
