

Submitter: Nikki Heaston  
On Behalf Of: Self  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

I strongly oppose in-person only voting. In-person only voting is a massive barrier to the many people who are not able to take off work, have limited transportation, mobility difficulties, childcare issues, and other challenges. People who would otherwise be involved in the voting process are not able to make their voices heard if they are not able to mail in their ballots. I strongly urge opposition to SB 210.
