

Submitter: Donald Richardson
On Behalf Of: HB3343
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB3343

This HB3343 is an overreach by the government that infringes upon constitutional rights guaranteed by the Oregon Constitution. This bill would require water use meters and reporting for all government entities and all water rights holders. I oppose the extreme financial burden on water rights holders. We the hard working people do not need more regulations, restrictions costing us more money.
