

Submitter: Rachel Whiteside  
On Behalf Of: self  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

Please do not capitulate to the uninformed narrative being spread about vote by mail in conservative media. Vote by mail is safe from fraud, increases accessibility for all people, and has worked successfully for Oregonians for decades. There is absolutely zero need to consider a change outside of disenfranchising the same voters who put you in office to focus on issues critical to our state. Changing our form of elections is not one of those issues.
