

Submitter: Jeff Mack
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB1154

I am writing in opposition to this SB.

I get that water issues occur. But putting a burden on homeowners to install meters is unnecessary. I'm sure all of you would be up in arms if the state decide you all need residential fire sprinklers in your home and you have to pay for install and maintenance. Think about that!

Secondly, if it's a commercial business different rules apply. But no where, no where should any government agency have complete access to private property unless you obtain a warrant. This would be in direct violation of the constitution.

You wonder why this state is sinking, over regulation and taxation. The egos of politicians cannot and will not hear the people you represent. Yes Represent, not rule over, you are all not kings and queens.

Listen to your constituents
