Hello,

I am writing to strongly oppose HB 3062. This bill will have nothing but negative impacts on economic growth in Oregon. From current businesses, future businesses, to farmers. All industries wishing to make/keep Oregon a home will be negatively impacted. This will inevitably hurt job growth and business expansion. The bill uses awfully ambiguous, confusing language and applies it to concerns that are already addressed by existing regulations. Please take into consideration the negative impacts this will have on Oregonians, and our businesses. Thank you.
