I am opposed to this bill. I paid to have my well dug. Twice. I am a responsible land owner and object to having regulations and meters. My well is maintained and monitored by my water guy and myself. Who is going to reimburse me for the time and money that I have spent? I paid to have cable, plumbing, electrical and other services on my ground. Where does this end? There is better ways to spend tax dollars. Reconsider this bill. It is a bad idea.
