I oppose this bill. Telling 18 to 20 year olds that they are responsible enough to join the military and kill people, get married, sign legal documents etc., but cannot own a firearm is a clear attack on 2nd amendment rights. There is no age limit listed under our 2nd amendment! This would make law abiding youth that shoot for sport and want to learn about safety into criminals. This would do nothing to address the root cause of crime which is actual criminals. Get people access to better mental health and put these criminals away that dont care about your laws. I have kids that this would affect and they hunt and shoot for fun and also competitions. Don't go after them because you all cannot get a grip on the crime in our state. My kids and others have a right to own firearms and protect themselves.
