I was a participant in the IDA Program a couple of years ago. It helped me immensely as I only get less than \$1000/mo from Social Security disability. If it weren't for this program and the knowledgeable folks at the Klamath Falls HUD office, specifically, Donna and Michelle I would probably be using public transportation as the car I was driving at the time was about to die.

The class gave me other insights on things I probably would not have even thought about. It was a learning experience and it was interactive and filled with useable information.

Here I am today driving a car I would not have been able to afford had it not been for the IDA program!

Ty HUD, Donna and Michelle. I appreciate your professionalism and help through this journey to a newer used car.
