Measure, Appointment or Topic: HB3062

Dear Rep Lively,

As a life-long resident I'm sure you'll agree the limited amount of developable land is scant due to the fact we've already laid aside over 80 percent of our county to protected and heavily regulated environmental status.

I strongly oppose this measure due to its ultimate consequence of making Springfield less investable by potentially large business les that would bring much needed family wages jobs to our area.

Thank you sir for your years of respectful service,

Warmly,

Commissioner David Loveall
