As a 7 generation farm and household. Your idea of taxing our privately owned wells would bankrupt and bury us. Another hardship put on us farmers and taxpayers by a greedy government who make up bills with no understanding of what they are writing. Another Extortion method doled out by an irresponsible government trying to steal something the taxpayers already own. These wells were installed before Oregon was even a state. If anything, the state of Oregon needs to pay the tax payers for these wells, other wise this bill is a theft of property from the Oregon taxpayers who already own these wells. Christopher R McMackin
