Wildfire

Measure, Appointment or
Topic: SB1154

I was born and live here in rural Oregon, living on Agricultural zoned land, on an old homestead, farm and ranch. SB1154 threatens property rights, personal health, private family ranches/agriculture and livelihood, increases the financial and resource burdens of everyone with existing water rights, wells and etc and is a gross overreach of the government without public involvement. We all, including everyone in urban areas, depend on farmers and ranchers to supply food. SB1154 jeopardizes good and healthy food for all. This bill raises serious constitutional concerns and should not be advanced without local input and transparency. Please stop this bill dead, immediately.
