

Submitter: Brock Bearden

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1015

I oppose SB-1015

Due to the fact it Bans Law Enforcement agencies from receiving any grants even though they are ones with the training, resources, and mandate to protect the public safety.

If the goal is to reduce community violence, excluding the most effective responders is ideological driven. Not data-driven

I Oppose this bill
