Measure, Appointment or Topic: SB1015

This seems so unfair

Why not get money for law enforcement to help

Protect us from violence

And stop trying to take our only means of protection for if someone tries to do a home invasion we don't have time to wait for law enforcement to arrive sometimes

And some cases see if you would North county in Klamath falls you would have to wait at least an hour sometimes for when to come available and they have to try most of the time from Klamath falls to North county which is about an hour drive

This all needs to stop

The only ones it is hurting is Oregon law-abiding citizens
