Committee: Joint Committee On Ways and Means Subcommittee  
On Public Safety

Measure, Appointment or Topic: HB5014

Please fund CVI programs. These programs break the cycle of violence. I'm a mom of young children. I love raising my children in Oregon because it is so safe. Please fund these programs so my children (and all Oregon children) can continue to grow up in a community free of gun violence and fear. Please also consider the massive financial burden of gun violence and fund these preventive measures. Thank you.
