

Submitter: jeff helfrich  
On Behalf Of: Fish Hatcheries  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5505

Dear Committee Members: I urge that you support money needed to maintain, enhance and keep our hatcheries in good condition so they can produce trout, salmon and steelhead for the enjoyment of all. The economic benefit is huge to all of Oregon and with so many fish populations steadily dropping we need to enhance all of these fisheries.

Thanks so much for your consideration!
