

Submitter: Annette Brainard

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB3025

Vote No on HB3025. Students attending college should be responsible for paying their tuition because when they are required to pay they take a more seriousness to completing a course. Also taking classes for enrichment does not always result in a degree. Sometimes courses at community colleges are not always transferable to a university for major.

Thank you for your time
