Home purchase IDA opened in 2023

“Our main goal was to be financially stable and eventually purchase a home.

The IDA program allowed for our family to find stable housing that fits our needs. We were able to move with sufficient funds that wouldn't leave us living pay check to paycheck or worse. We covered moving costs, carrying charges, bills, and home maintenance. We were even able to upgrade some of our furniture and have emergency funds left over. We live in a safe community where my daughter can play outside and run around with other children in the neighborhood. This is the FIRST TIME EVER that our family lives somewhere completely new. All new appliances, fresh paint, and the beginning to our newest chapter. This would have not be possible if it weren't for our IDA and DevNW. DevNW was also flexible, creative, and met us where we were at. They went out of their way to make this happen for us.

The IDA program opened many doors for our family. Stability, income, and being prepared for life emergencies. It's absolutely heart warming to be able to provide for your family without continuous stress of rent or other bills. Due to the lower monthly charges, we were also able to buy another family vehicle this week. This is BIG! From walking, bussing, biking, or sharing a car.... We finally have 2 cars, which we desperately needed.”
