Standards  
Measure, Appointment or Topic: SB916

This bill seems to encourage unions and membership to strike over wages, since they will be paid with unemployment compensation coverage. The businesses also pay into this fund, how is this bill beneficial to the businesses? If a union feels a strike is the only answer to the issues at hand, they have, in the past, reserved funds from due fees paid by members to compensate striking members with a partial wage. I am OPPOSED to SB916.
