SB1098

SB1098 is an UNFAIR attempt to remove parental rights. This Bill is a blatant attempt to secure a way that further removes parents rights to OBJECT to what their own kids are subjected to in school. It is an OBVIOUS attempt to ignore what's RIGHT and do what is obviously wrong. Discrimination is what this BILL is actually doing. IT IS DOSCRIMINATING against parents rights to have a role in what their tax-dollars are paying for.

This Bill SHOULD BE Illegal and infringes on the rights of the people to challenge what is obviously wrong and harmful to students. This is an attempt to "legalize" the sexualization of children by removing a parent's right to challenge pervasively vulgar materials that are unsuitable for their kids!

Any legislator tied to supporting this bill, should be ashamed of themselves; and certainly NOT ALLOWED to be working with children or on their behalf!
