This bill is clearly an infringement on Oregonians who like to do sport shooting and target practice. The last time I checked were perfectly legal activities. But it seems that Senators Manning and Prozanski are hell bent on piling more useless legislation on law abiding gun owners. I guess this is more pandering to Moms demand action at the cost of people of Oregons civil rights. This bill is clearly an overreach. When will we see some useful legislation out of these two regarding critical issues such as homelessness addiction and mental health. They seem to busy pandering to Moms demand action. Instead of tackling the major problems plaguing the state.
