Hello my name is Caleb pop. I own my own adult foster care home. I am opposed to bill 3838 due to multiple reasons mostly the cost it will take. After listening to the hearings I could tell most of the people approving this bill said it was for have better trained and better payed caregivers. I would like to state that in my care home any caregiver I hire I train personally and pay them to shadow me on a few days of work where I do all the work and they learn from how I do things in the care home. I pay very well per hour and my caregiver has had no problems with anything. I know a lot of other care homes personally train each caregiver how they run things specific to their homes. I don't see how an untrained caregiver in a care home would stay employed in the first place.
