This will harm my business, my residents and my caregivers. Pls think before you decide. Are you willing to pay \$15k-\$18k for your parents to be in a facility that pays \$25/hour for caregivers?

Imagine this when the time come your mom needs to be in a facility bec you dont have the skills to take care of her.

\$25/hour (hourly rate they are propping) x 24 hour care x 30 days=\$18k. That not including your mom's incontinent brief, board and lodging/food, utilities. Then what if your mom needs 2 person to assist her? Your payment will not only be \$18k. So pls consider the opposition.
