

Submitter: Priscilla Bradley

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or
Topic: HB3932

Beavers improve water quality in streams and rivers for free, and at the same time support a lot of other wildlife. HB 3932 would protect beavers in designated places where high temperature of the water is a problem, and where pollutants within the water is a problem. Other places where beavers impact personal property are not included for beaver protection.

Please support HB 3932.

Thank you
