

Submitter: Wendy Cook

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or  
Topic: HB3932

There are so many complicated decisions to be made when it comes to preserving our natural resources. But in this case, the choice is easy. Properly managed, beavers give back so much more toward sustaining our ecosystems than they take. And yet we do very little to protect this vital keystone species. By passing this bill to further protect one of nature's greatest allies, we protect our own future as well.
