Topic: HB3932

I totally oppose HB3932

This state is becoming a total mess? Beaver, as all critters have to be managed. As I travel and Hunt, a explore all over the western United States I have witnessed what to many or to few Beaver can do. Anyway could probably go on forever about this, and would do no good, but I am opposed, and do not believe people who live in the City should be trying to tell Rural, country folks what is best? Common Sense would sure be great!
