Standards

Measure, Appointment or
Topic: SB916

Oregon's public workers deserve a fair shot at the bargaining table. When employers refuse to engage in good faith, the only tool workers have left is to strike; that tool shouldn't be limited to only those who can afford to go without pay. SB 916 gibes working families the ability to stand up for fair treatment without risking financial ruin. It's a matter of basic fairness and equity in our labor system.
