

Submitter: H.L. Wilosn
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: HB3932

Beavers are a valuable asset to the waterway that runs through land owned by Oregon State University. The dams in Oak Creek provide filters that trap lead, zinc, pesticides and other toxins that otherwise would flow into the Willamette River. On their behalf I support protections for Oregon State University's true BEAVERS!
