

Submitter: Savannah Grosse
On Behalf Of:
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: HB3824

Dear Members of the House Behavioral Health and Health Care Committee,

I am writing to express my strong support for Oregon House Bill 3824, which authorizes physical therapists to prescribe durable medical equipment, administer vaccines to specified individuals, sign and date certificates for disabled parking permits, and use sonographic equipment for physical therapy purposes without additional licensure .

These provisions align with the evolving role of physical therapists in providing comprehensive care and improving patient outcomes. By expanding their responsibilities, HB 3824 enhances access to essential services and streamlines healthcare delivery.

I urge the committee to pass HB 3824, as it represents a forward-thinking approach to healthcare that benefits both providers and patients.

Thank you for your consideration.

Sincerely,
Savannah grosse
