

Submitter: Ed Borg

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I have greatly benefited from acupuncture treatments and the professional highly educated operator in this profession. They need support to strengthen and expand the care for patients. I have many broken bones and traditional doctors only give me narcotics which I have cabinets full. The acupuncture treatments have done far more to relieve my pain than all the drugs in my cabinet. Please support and let the acupuncture industry expand and accelerate for a better society
