

Submitter: Debbie Meadows

On Behalf Of:

Committee: Senate Committee On Education

Measure, Appointment or Topic: HB3365

Please vote NO on HB3365A. We need to be teaching our children the basics plus they are already getting climate change taught as my high school aged grandson has told me. I've seen it in the school surveys - enough! Teach them life skills. The climate has been changing since the beginning of time. Keep it out of our student's curriculum. Vote NO!
