On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB485

I support this measure with the amendments as a safeguard to the financial opportunity for mu family to retain a property which has been in my family since 1886. Harvests are only possible every 40 years and this requires the family to use alternative income to afford the privilege of passing the legacy of forest stewardship to younger family members. Please vote to preserve this stewardship of the land by those who have heart and soul invested in the ground.
