

Submitter: Maxwell Sivers Boyce

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: SB238

Law enforcement should not be allowed to have a blank check and free rein to deploy drones whenever they want. In the summer of 2020, people in Portland witnessed that law enforcement is more than willing to abuse the rights, privacy, and safety of protestors. Allowing them to skip the oversight of courts and government the freedom to surveil whoever they please would pose a huge threat to the safety of all Oregonians.
